>>>EDITO

Le premier livre de l'edition populaire,
Réalisé par un pool d'une quinzaine d'artistes français,
Rétroactif urban graffiks est un condensé de couleurs, de persos, d'illustrations et bien plus encore...
plus qu'un mode de vie, ce livre est un mélange audacieux de graphisme et de graffiti.
Juste un échantillon de la scène graphique urbaine et de ses acteurs : simplement l'art dans tous ces états.
Le graff y est décontracté, donc bonne lecture à tous et à toutes (en attendant la prochaine session)...
© Rétroactif - l'édition populaire - 2002.
Rétroactif, le livre de graphisme urbain du moment est aussi sur internet.
www.retroactif.com - flash designed by opendesignz.

The first book from l'edition populaire réalised by a fifteen french artists pool...
Rétroactif urban graffiks is a combination of different colors, illustrations, characters and much more.
More than a way of life, this book is an audacious mix of graphism and graffiti.
Just a sample of the urban graphic scene and of its actors, simply in its whole forms.
The style is cool, so everyone should enjoy reading it ! (waiting for the next session).
